The main Twister board is a large white rectangle with rounded corners, set against a grey background with a repeating pattern of candy canes and snowflakes. The board features a 4x5 grid of colored circles. The top row is labeled 'NORTH POLE EDITION' vertically on the left and 'ELF TWISTER' curved along the right edge. The circles are colored in a gradient from light grey to dark red. There are small red stars and white plus signs scattered around the board.
